but I wasn't fool

Whether we're a  
couple or friends,  
no matter what  
comes, you give this  
thing we have, it  
doesn't work.

However you  
name this relationship  
of ours, it never  
gives well in the end

Takito and I  
couldn't make it

You weren't answering  
our phone, so I'm mailing you.  
I'm sorry about yesterday.  
Is your body okay?  
Don't worry about the Blu-ray  
player.  
I never really used it anyway.

I couldn't  
stand just  
being friends  
with Tsubi.

so we  
became a  
couple, and  
then...

And  
then...

roll

I don't get it.

Don't worry about  
I never really us

I'm really sorry.  
I was completely  
at fault

What do I call  
the relationship  
I wanted with  
Tsubi?
